SPDA: 204 SPANISH REGIONAL FOLK DANCE

Dance Classes

Spring 2009

Professor: Lola Rodríguez

Our dance classes will be different from the rest of the classes you will be taking, given you will not be seated in a typical classroom, working at a desk. These classes will be fun. In them we will have the opportunity to learn the dance so traditional of and popular in Seville: *Sevillanas*, with its rhythmic and upbeat songs.

Although this is an upbeat and entertaining class, we must keep in mind that it is, in fact, still a CLASS, not just an hour of FREE TIME. In class we will have to work and repeat the same steps many times, in order to learn and achieve the results we seek. We will see those results when we have the chance to dance with the local people or with our classmates at any *fiesta*.

The dance class will consist of 20 class-time hours. CC-CS will award one credit for the successful completion of the class. At the end of the course, there will be a practical final exam, which will take place the last day of class. The final grade will be either "PASS" or "FAIL," depending on each student's attitude, attendance and class behavior.

Like all classes at CC-CS, attendance is extremely important for the development and success of this class. "PASS" or "FAIL" will also depend on the student's daily attendance. More than one unexcused absence will result in a "FAIL."

We hope you will enjoy these classes as much as we do.
