

# Spanish Studies Abroad Preregistration Form—Barcelona International Studies Programs

Name: \_\_\_\_\_ College: \_\_\_\_\_

## Semester and Academic Year Programs

After consulting with your advisor, please choose courses according to the following guidelines:

1. The Spanish Studies Abroad prerequisite for this program is 3.0 GPA in overall coursework. Consult the Spanish Studies Abroad website or Bulletin for prerequisites to individual courses. Some content courses in Spanish may require 3-4 semesters of college Spanish or the equivalent.
2. Also, students must be a junior or senior in an undergraduate degree program to participate in the Semester Program at UPF.
3. Students must pre-register for a minimum of 12 and a maximum of 18 credits. **This pre-registration is tentative. Final confirmation of class schedule and course offerings takes place in Barcelona.**
4. Please note that enrollment in individual courses, especially language courses, depends upon your score on the Placement Exam at the start of the program.
5. Students may select one to three courses from a variety of different tracks: the Barcelona Interdisciplinary Studies Program (BaPIS), Basic Biomedical Sciences, and ESCI International Business School. Please note that BaPIS courses have language requirements, depending on the course. Courses are offered in English, Spanish, and Catalan.
6. UPF reserves the right to cancel courses due to low enrollment.
7. When reviewing course offerings online, please note that credits follow the ECTS system of credits, which differs from the U.S. credit system.
